Alberta Baptist

ASSOCIATION MET IN CALGARY.

Officers Elected for Coming Year—Interesting Address on Education.

Calgary, Oct. 18.—At the meeting of the Alberta Baptist association held yesterday morning the business of electing officers, appointing committees and hearing reports was transacted.

The meeting was opened with a half hour devotionary service led by the Rev. A. Hagar, and then the business before the delegates was taken up.

The officers elected were: Moderator, Rev. A. M. McDonald, of Edmonton; assistant moderator, Rev. J. G. Walcott, of Medicine Hat; secretary, E. W. Ward, of Calgary; assistant secretary, Rev. W. Grant, of Calgary.

In the afternoon the Rev. J. E. Pennington delivered a splendid address on the subject, "The Needs of our Local Churches," and a paper was read by Rev. W. Grant on "The Pastor and World Wide Missions."

Rev. C. Parley led the discussion, and the remainder of the meeting was spent on the subject.

In the evening Rev. F. W. Patterson delivered a very able and eloquent address on Education. His address was followed by one delivered by W. T. Stackhouse on Home Missions, which was a powerful speech delivered in a forcible manner.

These who heard Mr. Stackhouse speak are now thoroughly persuaded that the best thing for the progress and influence of the Baptist church depends upon the establishment of new missions and the proper support of the present ones.

There are at present in the four provinces 160 Baptist churches and 161 pastors; 20 German Baptist churches, in which the German language is spoken; 19 Scandinavian churches; two Russian churches; one Galician and one Indian, making 391 foreign speaking Baptist churches and between 1,500 and 2,000 foreign speaking members.

During the last two years forty new missions were established, thirty-three churches organized, fifty Sunday schools, 1,100 baptized, 2,100 new members were admitted to the church, and the sum of \$32,000 given for home missions.

During his address the speaker said that politics was being degraded into a vile game, and the labor world was struggling on justice. The remedy for the mentioned evils is first conviction and second education along church lines. It is a question that cannot be settled by political pull or social push, but must be settled on Christianity.

There are 10,000 people coming into this province yearly, and considering all acts equal, the Baptist church is responsible for one-sixth of that number. As superintendent of home missions, Mr. Stackhouse stands for the maintenance of every Baptist church in the country.

Tomorrow morning the meeting will start as usual with a half hour given to devotionary service before transacting business. In the afternoon the ladies' association will meet and in the evening an address on the power of gospel as seen in the slums of Glasgow will be delivered by the Rev. W. Reid.

Indian Won

LONG DISTANCE FOOT RACE.

Marsh, of Winnipeg, Second in the Canadian Marathon Yesterday.

(Bulletin Special.)

Hamilton, Oct. 18.—The annual foot race around Hamilton Bay, 21 miles, was, today, won by Longboat, a Canadian Indian, in one hour and 49 minutes. Marsh, of Winnipeg, was second and Lebarre, of Hamilton, third. The Indian started at a hundred to one and the other two mentioned were favorites.

REFUSED TO BE RESPONSIBLE.

Cape Haytien, Hayti, Oct. 15.—Advices received yesterday from Monte Cristo, Republic of Santo Domingo, say that the investigation made by the Haytien commission which left here recently into the killing of a number of Haytiens near the frontier by Dominicans who were enraged at the authorization accorded to the Dominican government by Hayti to land troops on Haytien territory and take the rebels in the rear has no result. The Dominican government informed the commissioners that it refused to be responsible for any acts of the rebels.

The Haytien cruiser *Nord Alexis*, with the commissioners on board has gone to Port au Prince, the capital of Hayti and in the meantime the negotiations between the two republics on this serious feature of the Dominican revolution, are at a standstill. The Dominican revolutionists have signed a peace settlement with the government of Santo Domingo, but the former refuse to lay down their arms so long as the government maintain an armed force at Monte Cristo. A rebel force numbering 800 men under General Guellito is camped on the south bank of the Yau river near Monte Cristo.

Washington, Oct. 15.—The following cablegram was received at the navy department from Commander Sutherland, dated at Monte Cristo, San Domingo, Saturday: "I regret to inform you that revolutionary leaders at the last moment refused to stand by the articles of agreement for the surrender. They have massed forces of about 500 men at a distance of fifteen miles, and demand the most impossible terms. The president of San Domingo has directed the renewal of hostilities."

Havana, Oct. 15.—Secretary of War Taft and Assistant Secretary of State Bacon completed their labors here today, and on Saturday departed for the United States on board the battleship *Louisiana*. They were followed to sea and accompanied by many Liberals and ex-revolutionary leaders, but the former government officials showed no disposition to join in the farewell.

Sham Battle

SUCCESSFULLY CARRIED OUT.

Enjoyable and Instructive Manoeuvres Carried Out Yesterday.

The military manoeuvres yesterday afforded a most spirited, enjoyable and instructive day's outing to all who participated. The weather conditions were perfect. The sun shone bright in the clear, crisp autumn air and made exercise, an ecstasy.

The program as announced by the umpires was carried out in every detail. The blue force, consisting of B squadron, C.M.R., moved early in the forenoon from Strathcona down the "Y" road to Clover Bar, crossing under the command of Major Jamieson and Capt. Pearson, and took up their position by 11 o'clock. A squadron, C.M.R., leaving Edmonton proceeded under the command of Major Patton, Capt. Grigsbach and Capt. Harbottle about ten o'clock, took up a position as outposts on Dowler's Hill.

The plan of the manoeuvres was as follows: The blue force at Clover Bar crossing were to act as reconnaissance patrol sent out from an attacking force to obtain information as to the defence of the city of Edmonton and dislodge the outposts on Dowler's Hill. The blue force succeeded in their efforts in obtaining the information and got within striking distance of the main force, but in making the attack left their horses in an exposed position which in actual warfare would mean the loss of their horses and their failure to return to headquarters with the information.

Hostilities ceased between 12 and 1 o'clock. About noon the Boys' Brigade arrived from Edmonton and joined the Red force under Major Patton. They together made an attack upon the Blue force now stationed at some distance east and south of Strathcona. In this movement the cavalry acting as scouts drew the fire of the enemy and one company of the Boys' Brigade was sent into the firing line, the second brought up in support, while the third was held in reserve.

While a hot fire was directed towards the centre of the enemy's position two detachments of mounted infantry made an attack on the right and left flanks of the Blue force. The supporting and reserve columns of the Boys' Brigade were brought up into line, a charge ordered and the style with lusty cheers from the Boys' Brigade and beating of drums.

Following this the forces retired and the officers commanding were summoned to a conference on the field, where each gave an account of the orders they had received, and the manner of carrying them out. This was followed by the chief umpires' report on the tactics of both sides. He summed up the day's work and complimented the officers and men and criticized the different reports made by the officers.

The forces then marched back towards Edmonton and on the way a march past was held at Dowler's Hill. The march past was very creditable and the appearance of the men on parade was all that could be desired. The whole force formed in order and Col. E. B. Edwards, chief umpire, made an address to the men in which he complimented everyone on the satisfactory and spirited manner in which the manoeuvres had been executed.

He said the same spirit had made the name of Canada famous in South Africa and throughout the world. Referring to the Boys' Brigade, he said they had acquitted themselves in the Red and on the march, and predicted that in the interests of the empire or the nation similar service were required the boys would perform their part.

The march homeward was straggled. B squadron turning off to Strathcona, A squadron and the Cadets taking the route to Edmonton, where they marched along Jasper avenue to Second street.

The following composed the staff of umpires: With the Blue force, Capt. Thibadeau and Lieut. d'Easum; of C squadron, Fort Saskatchewan; of C squadron, Major Irving, D. 45th regiment, Lieut. Gillespie, of the 45th regiment, Lieut. Plumb, Chief umpire, Col. E. B. Edwards, K.C., with whom was Major Ironmonger (Durham Light Infantry, Eng.).

Pleasure Seekers Met With Mishap on Pennsylvania River.

(Bulletin Special.)

Ottawa, Oct. 17.—The finance department has closed its returns for the year ending June. The surplus on consolidated revenue is \$12,898,719. The revenue was \$50,139,369 and the expenditure \$37,240,641. There was \$13,552,235 added to capital account. This year's operations showed that the net debt was increased by \$13,511 or \$13,000 more than predicted by Mr. Laidlaw in his budget speech.

Pittsburg, Pa., Oct. 18.—A house boat containing six men and towed by two others in a skiff was swept over Heer's Island dam, in the Allegheny river, early today. The men in the skiff and two of those on the house boat were rescued, but it is feared their four companions were drowned, as no trace of them has been found.

Getting Out

THE ARMY STAFF DISBANDED.

Official Action Which Finally Obliterates Russia's Army of the Far East.

(Bulletin Special.)

St. Petersburg, Oct. 18.—The final step in the demobilization of Russia's Manchurian army was taken today when an order was published disbanding the staff of "the army of the far east," as it is officially designated. Only a corps commander will remain in Manchuria until the completion of the evacuation of that territory. The preliminary investigation into the surrender by Rear Admiral Nebogotoff of his squadron at the battle of the Sea of Japan is said to be decidedly favorable to the admiral.

SENTENCED TO THREE YEARS.

Montreal, Oct. 15.—In the court of King's Bench, Helena Dos Buch, a poplin woman was sentenced to serve three years in the penitentiary for causing the death of her stepson, two and a half years old. The child died as the result of ill treatment and she was found guilty of manslaughter. The woman was sentenced with a six months old baby in her arms. Before leaving the dock she asked that the infant be taken from her, but the court took no action.

MR. W. T. FINLAY, Minister of Agriculture

William Thomas Finlay, the popular Minister of Agriculture of Alberta, was born at Lisburn, Ireland on July 12, 1852. After a private education under the tuition of Rev. Mr. White, he came to Canada in 1874 and was employed in a mercantile business in Montreal. He has been a resident of Alberta for 22 years. In 1883 he came west and settled in his present home in Medicine Hat where he first engaged in the lumber business. Since that, however, he has been interested in ranching, having organized the Medicine Hat Ranching company, which has large ranches in Southern Alberta. He has paid a great deal of attention to ranching and agricultural matters and is well fitted for the portfolio which he holds. He has been a very prominent citizen of Medicine Hat. He was chief magistrate in 1901 and 1902 and is the father of municipal ownership in that city. He has been President of the Medicine Hat hospital for nine years. In the general election of 1902 he was elected to the Legislative Assembly of the North-West Territories. In 1883 he was married to Miss Catharine A. Abbott, of Newark, England. In religion he is a Presbyterian.

MATE CENSURED.

And His Certificate Cancelled for Failing to Do His Duty.

Ottawa, Oct. 18.—Judgment was given by Commander Spain in the case of the S. S. Princess which foundered on Lake Winnipeg. The conduct of the mate is condemned and his certificate cancelled. He made no genuine effort to save the lives of those on the boat. The boats are said to have been seaworthy.

Communication With the Peninsular State Broken Off.

(Bulletin Special.)

Atlanta, Ga., Oct. 18.—There has been no communication with Miami, Florida, since morning. Just before the wire failed the operator at Miami reported a storm and said there was one foot of water in the office. It is supposed the Cuban cyclone has struck the place with full force.

Santiago, Cuba, Oct. 18.—Telegraphic communication with Havana is interrupted. Every effort to get word from the capital has proved fruitless. Neither the land lines nor the coast wires cables are in operation. There has been no storm here and the cyclone which severed communication with Havana evidently was confined to the central and eastern part of the island. Efforts are being made to re-establish communication from this end.

NEGRO COLLEGE DYNAMITED.

Columbia, S.C., Oct. 15.—A special to the State from Anderson says:

Word was received here today from Seneca that Harrell college, a negro institution there was blown up about midnight last night. Rev. J. P. Williams is president of the college and it is supported by northern white people. He went to Seneca from Abbeville several years ago. It is said he made objections to the white people. He advised the negroes not to work for the white people. A letter of warning was sent him several weeks ago advising him to leave Seneca, but he ignored it.

Dynamite cartridges were placed under each corner of the college building last night by unknown parties, and when the clock struck midnight the dynamite was exploded, partially wrecking the building.

FATAL FIRE IN NEW YORK.

New York, Oct. 15.—Two persons killed, one desperately injured and many others slightly hurt was the result of a small fire supposed to be of incendiary origin in a five story negro tenement house on Christopher street yesterday. The dead are: Miss Ella De Lyons, who was suffocated by smoke and Miss Ruth Tyson, who jumped from the top floor to the sidewalk. Miss Lottie Small though early asphyxiated will recover.

SHORTAGE IS \$1,250,000.

Toronto, Oct. 19.—General Manager McGill of the wrecked Ontario bank, admits a shortage of \$1,250,000.

A director says McGill's operations ran the gamut of some speculative stocks on the New York market, and were even carried into the wheat pit of Chicago.

E. S. Clouston, general manager of the Bank of Montreal, arrived in Toronto this morning to practically attend the negotiations by which that bank assumes liabilities and takes over a portion of the assets of the Ontario bank. A meeting, at which negotiations are expected to be completed, takes place today.

G. R. R. Cockburn, president of the Ontario bank, stated this morning that an expert would be brought to examine Mr. McGill's books. This morning there was a slight run on the branches of the Ontario bank, but those who came for money were all small depositors. Outside of each bank stood a clerk of the Bank of Montreal with a stamp of that bank; and as each Ontario bank depositor came up the clerk asked to be allowed to stamp the deposit book with the name of the Bank of Montreal. In most cases this satisfied depositors.

The withdrawals of depositors of the Ontario bank and branches on Saturday amounted to \$140,000. At the clearing house this morning the Ontario bank's debt was \$700,000 and its credit \$60,000. The Bank of Montreal sent over legal tenders for the balance.

AUTOMOBILE EXPLODED

Cleveland, O., Oct. 16.—An automobile, while running at a high rate of speed on Detroit Avenue, struck a trolley pole at Kenilworth Avenue in Lakewood, a suburb, early today and exploded. Everyone of the four occupants of the car were injured and two may die. The injured are: Miss Anna Schmitt, buried about the arms and body and arm fractured; Miss Hulda Ackerman, burned about the legs and back, condition critical; Benjamin Camra, burned about the head and hands; George Hartman, right eye gouged out, skull fractured, condition critical. The car was owned by M. J. Mandelbaum, a banker. According to Camra, who was driving the auto, something went wrong with the machine. The car suddenly swerved from the roadway and struck the trolley pole. The collision and explosion seemed to be simultaneous.

Preparing for a holy war, Paris, Oct. 16.—The imminence of a formidable native rising in Morocco and Algeria is growing. The French military authorities in Algeria are in a state of apprehension. The commander of the troops in the district of Ains Elra has cabled to the minister of war, saying that the preparations among the Moors for a holy war are proceeding energetically.

Mouly Abou, a cousin of the sultan of Morocco, has visited all the tribes and has induced them to cease their internal quarrels and prepare to take the field in the middle of November.

While on their trip west to appear before the railway commission, Mayor May and City Solicitor, N. D. Beck, will stay over a day in Peterborough to inspect the automatic telephone plant here and to see how the Canadian Machine Telephone Co. is getting along with Edmonton's order.

ANGLO-RUSSIAN NEGOTIATIONS. St. Petersburg, Oct. 18.—An imperial order was published today commencing the sentences of four officers of the destroyer Belov who with Admiral Rojdestvensky on a charge of surrendering to the enemy at Kronstadt were found guilty and condemned to death. On account of the extraordinary circumstances the emperor was requested to commute the sentences to dismissal from the service and the deprivation of certain rights, which has now done. Admiral Rojdestvensky was acquitted on July 4th. The administration adopted stern measures against the anti-military campaign against the anti-military campaign. Premier Stolypin has sent a circular letter to the governors instructing them to announce that all conscripts who refuse to serve will be tried by drummed court martial.

ADVERTISE IN THE BULLETIN**The SPORTING World****AMBULANCE WINS.**

Gate and Six to Five on the In-Score Yesterday was \$38.25 at the side—Excitement at Second Street Grounds.

Jack Herwig's Tenderfoot, with himself on the slab, defeated "Bill" Setley's Old Timers at the Second street grounds yesterday. The score was 6 to 5 for the Tenderfoot.

Incidentally, the ambulance fund was swelled by \$38.25, which was handed over to the Daughters of the Empire by the man at the gate.

The features of the game were the grand stand plays of Setley, the wonderful performance of Bert Cronn and the recrudescence of Mr. John I. Mills as a ball player. Mr. Mills is a small man, but a fast runner. Yesterday he covered centre field and the way he flipped them back into the diamond would lead one to suspect that he was one of the White Sox in disguise.

Bert Cronn proved that if a man runs long enough he is likely to get tagged sooner or later. There is no truth in the story that Cronn played right field with the Cubs.

Garretson as umpire held the score just about even for seven innings, and gave the crowd a hairbreadth finish.

Sullivan, who played third base for Setley's aggregation, was found to be the easiest man to put out on strikes that ever was known. All the umpire had to do was to call them.

Joe Mahaffey injured his thumb in the sixth innings and retired from the game.

The names of the Herwig team were: Grady, Herwig, Watson, Maloney, Ratigan, Oakley, Dougherty, McGirl and Ratigan No. 2.

The Setley immortals were Vining, Regan, Setley, Sullivan, Edcroft, Cronn, Mahaffey, Cronn, Mills.

In deference to the relatives of the parties implicated, the statistics of the affair are withheld. They will be served, however, and may be used as evidence against them at any time.

RIFLE SHOOT.

The annual rifle matches of the Edmonton and Strathcona Rifle Association began yesterday on the Edmonton ranges. The weather was fine and clear though at times a little cloudy. The event was very successful, and a large number of visitors were present during the day.

The association and tyro matches were shot at ranges of 200, 500 and 600 yards. The first seven scores in every match are given below. A full score will be given on Saturday, when the matches will be concluded.

Association match.

WOULD MEET PARR.

George, the Greek, Would Wrestle the Eastern Man Any Time He Wants to Come to Edmonton.

George the Greek is a sure-enough wrestling man and not easily scared. In answer to Jim Parr's letter which appeared in the Bulletin on Thursday morning he writes:

Edmonton, Alta., Oct. 18, '06.
 Sporting Editor:
 Dear sir, I will accept Jim Parr's deft to throw him three times in one hour, providing he gives me ten days' time to train, for a side-bet of \$100.00 and gate receipts.

Yours
 Geo. "Greek."

Jim Parr is one of the best-known wrestling men in the world. He wore the championship belt for over a year and has been up against the very best of them. Recently he has been hip-riding the eastern and middle states along with Ed Atterton the English champion. He is now going to the coast to play a few engagements and may try Golch a go before going east again.

WATSON WINS.

Gets Decision Over Dakota Boy in the Eleventh—Nelson Down for the Count—Spectators not Satisfied with Judgment.

The Watson-Nelson mill in the Third rink last night was far from satisfactory from the point of view of the ringside seats. Jim Dallas was referee. Boxing contests are frequently won on fouls but it is a rare occasion when the decision goes to the man who committed the foul, instead of against him. Nevertheless, from the standpoint of an ignorant observer, that seemed to be the way Watson won from Nelson.

Things had been going pretty much all for Nelson up to the eleventh, when a mix-up occurred from which Nelson fell, striking his head on the floor which was not properly padded. When Nelson started to get up Watson stood over him and jabbed him on the side of the head before he got fairly off his hands and knees. Nelson went groggy and although he made a feeble attempt to get up, he was unable to rise to his feet without being knocked out again. The referee counted him out and gave the decision to Watson and the crowd and howls of the entire audience.

The contest was Nelson all the way, through and he had it over his opponent in every round. In fact Watson was unable to land on him for anything worth mentioning; while Nelson out-generalized, out-streached and out-fought the Calgary boy all the way through. The crowd was satisfied that he should have gotten the decision in the fifth on a foul, but when they called for judgment Nelson silenced the hissing with a wave of his glove and went on with the bout without protest. Nelson showed himself a good sport all through the performance and while he did not win it seemed to be the unanimous opinion that he deserved to be seeing both of them.

WHITE ELEPHANT.

"A White Elephant" will be the offering of the Pringle Co. at the new Opera House Saturday afternoon and evening. It is one of the liveliest farce comedies in the repertoire of the company and a first class performance is promised. It tells the story of how an honest lawyer was trapped by a meddlesome widow and of the numerous laughable situations following his discovery of her schemes. Johnnie Pringle plays the part and those who have seen his work in the early part of the week need not be told that the comedy element will be supreme.

THE CITY CAN FINANCE STREET RAILWAY SYSTEM

The estimates presented to the council by the city engineer and the commissioners indicate that while the proposed pavement and street car line would involve a heavy investment it is an investment by no means beyond the financial capability of the city.

According to the estimates the cost of the length of pavement considered desirable and if the car line considered necessary for present needs would be about \$325,000. Economies might be effected by shortening the length of pavement and by cheapening the construction of the car line along the non-paved streets, where in any event it must at some future date be torn up to lay the pavement, but the cost would not probably fall below the figures indicated and might for assurance be considered as liable to exceed this sum and run as high even as \$400,000.

Even so the amount required should be easily within the power of the city to finance. The city's bonded indebtedness at the present time exclusive of local improvement debentures and debentures on public utilities which are either self-sustaining or dividend producing is less than half a million. Under the charter the city has borrowing powers to within twenty per cent. of the assessed valuation of its property. The assessment this year is \$17,000,000, which gives a borrowing power of \$3,400,000. Allowing therefore for the expense of the trunk sewer now under way and for the extension of the other utilities which must be undertaken at no distant date, the burden of the proposed pavement and car line should not run our credit unduly near the danger line.

Nor under these circumstances should the city find difficulty in securing the money should it be decided to proceed with the enterprises, the more so because all the other city enterprises are paying their way and some earning handsome profits. A car line is usually the big paying utility in a city and assuming that the time has come for its installation in Edmonton there is no reason to assume that the rule would be found to fail here.

Whatever the council may decide to do with the proposition the estimates submitted already serve the purpose of proving the ability of the city to finance a street railway system. Presumably this was the direct purpose of having the estimates prepared when a company was seeking a franchise for a street railway from the city. On the strength of the verdict given by the estimates the council is justified in declining to consider the question of granting any such franchise.

GOOD OPINION OF THE WEST.

Mr. Clement Gresham Leveson-Gower, who is touring the Canadian west with Earl Grey's party, is a member of a very old and honored English family. His home is Titsey place, Surrey, a magnificent country seat, situated amid lovely scenery. Mr. Leveson-Gower has written charming notes to his family during his journey in western Canada, and the following extract has been published by the Western Herald:

"Viceroy's Train,
"North Edmonton, Alta.,
"September 1, 1906.

"It will interest you all to hear of our great journey. We left Winnipeg and transferred on to the Canadian Northern line, owned by two people, Mackenzie and Mann. Mr. Mann accompanies us in his private car; he started with \$20, and now owns over 4,000 miles of railway. We also have a car of eight Royal N. W. M. P. horses, so that, whenever we stop, we can side off into the prairie. The first big place we arrived at was Portage la Prairie, reception, band, etc., etc. We then drove off into the harvest fields, and saw them; in one field they are cutting, threshing and ploughing at the same time. The harvest will be a fine one, but a little spoilt, owing to the great heat. Two years ago there was no line; now you pass one settlement after another, and endless wheat on either side. We had a glorious ride at a place called Dauphin, where we saw German and Donkhor settlements.

The Donkhorers look splendid; they are people from south Russia, have eyes, things in common, eat no meat or drink wine, but are troublesome, as they periodically dash off to meet our Lord in a state of nature. We had a good reception at Saskatoon, grown to 4,000 inhabitants in two years. Land going up from \$1 to \$40 an acre; then on over quite a new section of line to Tisdale, from which place we rode out to see his excellency's old bailiff, who has just come out with wife and children, and a farm seventeen miles from the line, in wildest country, belongs to him. He is managing the Salvation Army settlements, who are located there. In the middle of the scrub I came across a man who used to milk for Graham, at Broomlands. It was most interesting to see this fresh country, now just scrub, but next year will have a crop of 30 bushels to the acre."

OFFICIAL TIME INSPECTOR C. N. R.

Would \$25.00 Buy You a New Jacket?

That would pay for a pretty good coat, wouldn't it, Mrs. Housekeeper?

Yet you may be actually throwing money every year—by using the ordinary steel range.

Partly because of the material it is made of, and partly because of its construction.

Steel can be riveted to steel, but on account of the expansion and contraction of heat and cold, the seams between the rivets will open up, and let in the outside air.

The oven in a range of this sort is usually flanged over and riveted, and the seams plastered with stove putty.

Soon the putty dries up and drops out, the cracks suck in cold air, and you are kept busy shoveling in coal to make fire hot enough to off-set the "air leaks."

Then the door-frames on such a range are cast-iron. And because cast-iron is too brittle to stand the hammering that riveting demands, these frames are bolted—and the joints filled with stove putty.

The bolts loosen and these joints, too, open up, and more cold air comes in to cause the fire to burn slowly when you want it quick, and to keep it roaring when you want it shut off.

So you can easily see how much more a steel and cast-iron range costs you.

And it becomes more expensive every year you use it.

Now, if you want to save that extra money wasted in coal, Mrs. Housekeeper—

If you want to do your cooking economically and satisfactorily—buy a Monarch Range.

For the Monarch will not open up in the seams and waste fuel.

It is made of Wellsville polished steel and Malleable iron.

The advantage Malleable Iron has is that it can be cold riveted to steel without the use of stove putty to make air-tight joints.

So all the frames in the Monarch are made of Malleable Iron—around the Oven Door, Ash Door, Pouch Feed Door, etc. The steel doors are riveted solidly and tightly to Malleable Iron Frames, which make a solid base, unaffected by heat or cold.

Now, this air-tight construction makes air-leaks impossible in the Monarch, hence it saves you \$20 to \$30 every year and will be doing good service long after the loose-jointed steel range has been sent to the scrap-heap.

We can show you many other features about the Monarch—the Duplex Draft which lets in air at both ends of the fire-box, ensuring even cooking—the

Contact Reservoir which heats water quickly—the Malleable Iron top which requires no blacking to keep clean, etc., all of which are exclusive with the Monarch. It is well worth an hour of your time to examine this range.

A \$1.00 Cook Book Free

The Monarch Cook Book, written by Mrs. Helen M. Thompson, an acknowledged authority on domestic science is a Real Book, cook a cheap edition, 24 pages bound in cloth on board covers—a book that would cost \$1.00 at the book store.

It contains 120 recipes, many of them new, all simple, easy to make and inexpensive. Has practical hints for the whole year and many valuable hints on diet and marketing. You can get it without cost if you intend buying a range or cook stove within a year.

HOW TO GET IT, cut out this advertisement, mail it to the Malleable Iron Range Company, Denver, Colo., and tell them when writing, month, if possible, you expect to buy and you will secure this valuable book free. As the edition is limited, write now.

BEAR WOULD NOT POSE.

Port Arthur, Ont., 15.—Mr. E. C. Tripp of Clearwater Lake is in town and tells a peculiar story of an adventure which he had with a bear a short time ago and which will probably prevent him from attempting to take snapshots of grizzlies for some time to come. He had been on a trip some 27 miles from his home and while camping out one night chanced to fall in with a bear which he managed to wound, although not severely enough to prevent its escape. The next morning he followed it up and found it in what he took to be a dying condition. Laying aside his rifle, he wisely approached with only a camera and was about to take a snapshot when he jumped Mr. Bruin. Mr. Tripp gives a graphic account of the next few moments in which he and the bear had a hand-to-paw struggle. Finally a smart blow in the small of the back flung Mr. Tripp against his rifle and with a last effort he fired and fell unconscious. It was several hours before he awoke and it was to find the dead body of the bear beside him. However, it was a narrow escape and Mr. Tripp will take no chances in future.

AMICABLY SETTLED.

London, Oct. 15.—The lawyers representing the Amalgamated Press Publishers of the London Magazine, against which Richard Croker has brought a suit for damages on the ground of defamatory statements made in an article headed "Tammany in England," in which Mr. Croker was charged with having used his office as chief of Tammany Hall, for the purpose of financial profit, informed the Associated Press today that the case has been amicably settled out of court. It was added that counsel are not yet at liberty to announce the terms of settlement. The suit brought by Richard Croker against London Magazine was formerly opened in Dublin on Oct. 10.

THE PORT OF MONTREAL.

Montreal, Oct. 15.—The St. Denis club was on Saturday night the scene of a reception which was attended by 200 members and guests. Among those present were: Hon. L. P. Brodeur, minister of Marine and Fisheries; Honore Gervais, M.P.; Godefroi Langlois, M.L.A., and Mr. Morin, M.L.A., for St. Hyacinthe, who delivered short addresses. Hon. Mr. Brodeur declared it was the intention to make Montreal one of the finest ports in the world.

CLERGYMEN CREATE A FUREUR.

Galt, Ont., Oct. 15.—Rev. Mr. Knowles of Knox church and Rev. Dr. Dixon of the Central Presbyterian church made the proposed visit of the Galt football team to Chicago the subject of comment in the pulpit last night. The team came in for severe denunciation because of the story that they will play a Sunday game during their visit to the Windy City. Quite a furore has been raised and it may result in the trip being called off.

BLOCKADE AT CARMAN.

Carmar, Oct. 13.—Owing to the shortage of cars, elevators at points around Carmar are filled up and farmers who do not usually come so far are bringing their grain to the Carmar elevators. A large quantity of grain is being marketed every day. It is reported that the Midland railway will shortly have cars here to get their share of the grain carrying trade. A buyer has started business on the Midland track today and is reported to be paying 3 cents advance on usual prices.

AN AUTO HERO.

New York, Oct. 5.—Dashing down a steep hill in an automobile which had got beyond his control, Louis Lieber, in order to prevent a collision with another automobile, ascending the hill, and which contained Miss Cutting, daughter of B. Fulton Cutting, deliberately wrecked his machine and was himself crushed to death in the wreckage. The accident occurred on the Snake road and the Ramapo mountains on Saturday afternoon.

COPPER ORE DISCOVERED.

Sault Ste. Marie, Ont., Oct. 15.—C. B. Duke and Dr. Campbell, hailing from Roseland, B.C., who have been prospecting lately in the regions along the north shore have made a valuable discovery of copper ore three miles north of Bruce Mines and within the limits owned by the old Bruce Mines company. A number of test pits have been sunk for three-quarters of a mile along the formation, and in all of them there has been found copper ore better in quality than that now being mined by the reorganized company which recently resumed operations at Bruce Mines.

Contracts for the erection of a smelter at Bruce Mines have been awarded and construction work will begin early next spring.

TRAGIC DEATH AT STONEWALL.

Stonewall, Man., Oct. 15.—Mrs. Robinson Mollard took an over dose of laudanum Friday morning and was found dead on her bed shortly afterwards. Deceased has been in poor health lately, and had been taking laudanum to induce sleep, and it is supposed took an overdose. Her husband is away in the north and it has not yet been possible to notify him.

FOUND HIS RELATIVES.

Regina, Sask., Oct. 15.—Warden Kerr of the Prince Albert jail, is here en route home after attending the prison conference at Albany and Ottawa. During his absence he located his two sisters, of whom he had not heard for over twenty years. They believed he had been killed in the Northwest Rebellion, while by their marriage and removal from the old Ontario home, he lost track of them. Through distant relatives at Exbury, Ont., he learned that one sister resided in Newark, New Jersey, and the other at Oxbow, Sask. Before returning to Prince Albert he has had the pleasure of seeing both of them.

VERMILION NEWS

(Bulletin Special)

Vermilion, Oct. 18.—Hon. W. T. Finlay, Minister of Agriculture, left for Edmonton on last night's train.

The Masons of this town entertained number of their brethren from Lloydminster at a banquet in the Vermilion hotel last evening.

A quiet wedding was celebrated at the home of Mr. Maggs this morning, by the Rev. W. E. Gilbert, English church minister, the contracting parties being Mr. A. E. Hiscox and Miss H. Hales, who has lately come over from the old country.

An unusual yet welcome sight was seen on the street this morning when Mr. A. R. Boe unloaded five cars of sheep from the States, and drove them to his ranch a few miles west of town.

William Richards, who has been for some time past working at the Alberta Hotel, died suddenly at 8 a.m. today. Richards has been in bad health for some time. The funeral will be held tomorrow at ten o'clock, a short service being held at the Presbyterian church by the Rev. Simons.

The concert given Tuesday night by the English church was a great success. Craig's Hall was full to overflowing and many were unable to obtain seats. The Rev. W. E. Gilbert was in the chair, and the programme was as follows:

Instrumental solo, piano—Miss Thomson.
Song (Japanese costume)—Miss Evans.
Comic Song—Mr. J. Raymond Taylor.
Recitation—Mrs. Chas. Pickle.
Song—Mrs. Easton.
Song—Mr. McNeil.
Reading—Mr. A. H. Williams.
Song—Miss Bessie Pickle.
Recitation—Miss McGinnis.
Instrumental Duet, piano—The Misses Barwick.

Song—Mrs. P. G. Pickle.
Reading—Mr. W. F. H. Thompson.
Song—Mr. R. A. Pickle.
Song—Mrs. Wood.
Comic Song—Mr. A. E. Pickle.
Comic Song—Mr. B. Wilson Taylor.
Every item on the program was well received. Miss Evans, in quaint Japanese costume and appropriate songs evoking much applause.

Mrs. P. G. Pickle, with whom we are all familiar as a vocalist of no mean ability, is to be congratulated not only for her own singing, but the fact that she had such an able support in her good work from her family, Miss Bessie Pickle being a young sister of great promise.

Tasty refreshments were served by the ladies of the parish and "God Save the King" brought to a close an exceptionally pleasant evening.

A special meeting of the town council was held yesterday, when it was decided to empower the Fire, Water and Light Committee to obtain prices and purchase a double cylinder chemical engine and also some hand fire extinguishers.

VEGREVILLE.

Many Residences Going Up—New Hospital Will be Opened on 30th... A WHITE ELEPHANT.

The regular meeting of the town council was held on Tuesday evening and all the members were present. There was considerable business done at this session, the most important regarding the new fire engine and appliances that is to be installed in the near future.

The Roman Catholic church have begun the erection of a new edifice 36x60 feet and Father Bernier has purchased two lots directly opposite and intends to build this fall.

The new residence of A. J. Walker is nearing completion and will soon be ready for occupancy.

Benoit Tetraan is building a residence in town and will move his family from their old home place in the near future. Ben was one of the first settlers in this district having first settled here thirteen years ago and is now one of the most prosperous and influential citizens in the community.

He is moving into town in order that his children may have the benefit of schools.

E. L. Paulin has moved into his new store building on the north side of the tracks.

Thomas Tietz left on Tuesday for a month's trip to the States.

D. A. Dobbe is building a residence on Queens street.

George Abbott has begun the erection of his new building on Main street for his bakery and restaurant.

W. J. Robertson, who represents Boyd Caldwell Woollen Mills of Lanark, Ont., spent Sunday and Monday in our town.

Fired destroyed the residence of A. I. Barber seven miles northwest of town Monday.

A prairie fire south of town on Saturday night caused considerable alarm and was checked just in time to avoid serious damage to residences on Mount Pleasant.

The public opening of the new hospital which is to be known as the "Royal M. Baswell Hospital" will take place on Monday evening, Oct. 29th at 8 o'clock. The institution will be thrown open to the public and all are invited. There will be an interesting program of speeches and music. Several prominent citizens are expected to be present for the occasion. Patients will be received into the hospital on the following morning, Oct. 30th.

TRAIL SMELTER CLOSING.

Roseland, B. C., Oct. 15.—The effects of the strike of coal miners of the Crow's Nest Pass coal company, is beginning to be felt here in the reductions of shipments which last week were the lowest in a year. The Trail smelter has notified the Le Roi Co. that it would receive no more ore from the Le Roi after Saturday, and the smelting plant at Trail will close down today. The Le Roi, however, will ship its ore to Northport for a considerable time yet and store it in the bins and yards there until a supply of coke can be obtained.

The Le Roi No. 2 is taking advantage of the lull to repair a shaft and to break down ore. The Centre Star will for a considerable period keep its forces of men at work in developing and installing a new hoist and the compressing plant, and doing other work, while the trail smelter intends to keep most of its men at work in making improvements to the plant.

The shipments from Roseland for the week were: Centre Star, 225 tons; Le Roi, 2,940; Le Roi No. 2, 2,900; total for week, 3,225, and for the year, 243,518 tons.

The receipts of ore at the Consolidated company's smelter at Trail for the week were 5,150 tons, in addition to ore sent from Roseland. The following mines sent shipments: St. Eugene, 750 tons; Ymir near Ymir, 22 tons; Iron Mask, Kamloops, 150; Providence, Greenwood, 121; Snowshoe 745 tons.

percentage of foreign mitter.

FRENCH PREMIER WILL RESIGN.

Paris, Oct. 18.—M. Sarrien's resignation from the premiership has been decided upon and probably will be officially announced to-morrow. It is regarded as certain that Premier Fallieres will ask Interior Minister, Clemenceau to assume the premiership. Sarrien's resignation will be tendered purely on the ground of ill health notwithstanding the contrary reports of dissensions in the cabinet.

JEWELRY THIEF CAUGHT.

Chicago, Oct. 18.—J. D. Langdon, known to the police of the two continents, is under arrest here, on a complaint from Baltimore which charges the theft of \$1,000 jewelry, and the passing of worthless checks. Langdon made the acquaintance of Eugene Timanus, son of Mayor Timanus, of Baltimore, in London, and told him he was the son of a New York railway president.

PRIZE FOR FARM BOYS.

Chicago, Ill., Oct. 13.—J. J. Hill's recent address before the Chicago Commercial Association impressing the necessity of keeping the boy on the farm is responsible for a donation to be made annually of \$5,000 by J. Ogden Armour through the International Live Stock Exposition for scholarships to be for in the state agricultural colleges at live stock shows.

THE ash-pit of the Oxford Hot Water Boiler has great depth for accumulated ashes, and when ordered, is fitted with an ash sifter which separates the good coal from the dead ashes, thus, without any extra trouble, saving much fuel that is ordinarily thrown away.

Oxford Hot Water Boiler

The diameter of the fire-pot is greater at the top than at the bottom, preventing an accumulation of ashes around the most active part of the boiler.

The triangular revolving grate is hollow, allowing immense air space without permitting live coals to drop through. Dead ashes, clinkers, etc., are sharply cut off by a turn of the grate. The whole contents of the grate are dumped by a few extra turns.

We would like to tell you more about the Oxford Hot Water Boiler. Will you write for our book? It's free.

HIGHEST ORE OF MODERN TIMES

The special correspondent of the *Wahggon Star* at Gold Rock reports that at the Laurentian the men are still working in the same phenomenally rich ore at the 85-foot level and now that the excitement has somewhat abated and the deposit can be judged in a cool and collected manner, the consensus of opinion is that without much risk of contradiction this ore should be the richest that has been struck during modern times, and that there is no record in the history of ancient or modern mining that describes any deposit that contains the amount of gold in the same area in one continuous seam. It is known that it extends in depth from about thirty feet to the 200 foot level at least. Mr. Nickerson has certainly an enviable duty ahead of him in organizing and superintending the developing of this unique property, and with the experience that he had had, there is no doubt that the mining world will now shortly see what they have been for months patiently waiting for--the energetic and practical opening up of the Laurentian mine.

BUSY LETHBRIDGE.

Enthusiastic Citizen Tells of the Progress of the Southern City.

Mr. A. E. Humphries, J.P., of Lethbridge, was in the city yesterday and gave the Bulletin a friendly call. Mr. Humphries is enthusiastic about his southern city and its progress. He says that a C. P. R. round house, covering about five acres, is now about half erected. The C. P. R. and A. R. and I roads are now using the new union station and a new union freight shed 500 feet long has been erected.

The new Lethbridge woollen mill will be started in a few days. The building is a large one, requiring some 350,000 brick for its construction. A \$150,000 addition is being built to the brewery and the Lethbridge Brick and Terra Cotta company is putting in a drying plant at a cost of \$11,000 for the manufacture of pressed brick.

Mr. Humphries says that crops in general have been good. John Silver broke 2,200 acres last year and threshed 48,000 bushels of Turkey red wheat and 7,000 bushels of oats as a result of his labor. Crest and Daniels broke 800 acres last year and their spring wheat yielded about 25 bushels to the acre. J. W. Pitcher, near Cardston, had a record yield of 41 bushels of wheat to the acre, while the popular member for Cardston, J. W. Wolf, M.P.P., had a yield of over 40 bushels to the acre.

Mr. Humphries was surprised at the growth of this city and the general progress made in this section. He left last night on the C. N. R. for Chipman to visit friends and see the country along the line of the new railway.

RAISED THE RATE.

(Bulletin Special.)

London, Oct. 19.—The Bank of England raised the rate to 6 per cent. this morning.

ACCIDENTALLY SHOT.

(Bulletin Special.)

Paris, Oct. 19.—Ray Bonne, 29 years old, who came here two weeks ago from Glenwilliams, accidentally shot himself this afternoon. He was cleaning a revolver when the weapon was discharged. The bullet pierced his heart, killing him instantly.

TORONTO FAIR BUILDINGS DESTROYED.

(Bulletin Special.)

Toronto, Oct. 18.—Fire at the exhibition grounds tonight destroyed the grand stand, valued at \$100,000, also most of the horse and cattle sheds, and the old main building, now known as the transportation building. The fire raged from 11 o'clock to 12:45. The loss is about \$200,000. It was well insured.

BRITISH TEACHERS WILL VISIT AMERICA.

New York, Oct. 18.—Alfred Mosely, British philanthropist, has reached here to arrange plans for the reception of

500 British school teachers, who are to visit America this winter. They include all grades of instructors from those over kindergarten to the highest university.

300,000 WOULD BE ENOUGH.

London, Oct. 18.—Sydney Low in his stand on the disarmament fallacy declares that England could defend Canada if she had 300,000 troops to send across the sea. The annual blue book on shipping shows that British bottoms carry 66 per cent. of Canadian trade, 85 per cent. of South Africa, and Australian.

It is rumored in India that Lord Kitchner on the expiration of his term in India will visit Australia, and afterwards Canada with the object of putting the land forces on a satisfactory basis.

To give the necessary strong inducement to casual labor the emigrant to select Australia in preference to Canada, the editor of the British Australian guarantees employment to 100 men who go to the antipodes. The proposal is backed by the new South Wales government.

A STERLING INVESTMENT

Business Chances which Bring 100 Cents on the Dollar

In the past few years the commercial and practical demand for the stratum of the good judgment of business men who buy high-class goods.

In Saskatoon recently a merchant sold his stock of 100 cents on the dollar, and the chief reason the buyers ascribed for paying the price was that the seller had the Slater Shoe Agency. A franchise for the exclusive handling of the Slater Shoe is a valuable asset. The Slater Shoe stock usually brings a premium, and would have done so in this case, but for the fact that other goods of shirkable value were in the stock. Kelly & Moore, exclusive agents.

THE LADY POINTS THE MORAL.

Experiences of a Prominent M. P. in Buying Clothes

T. P. O'Connor, M.P., who is very fond of experiments and changes of all kinds, ordered a small London draper's shop in Chelsea and ordered himself a suit of tweed. The result was a suit with a delicate feminine touch everywhere perceptible, particularly in a low-necked coat. The only person benefited by the transaction was the draper. And his wife, who tells the tale also points the moral, "Mistakes and cheap materials are always unbecoming."

With excellent materials, chosen with taste, the Semi-Ready Tailor has captured the fancy of men who a few years ago scoffed at the idea of wearing a suit of clothes made the way one formerly had suits in shops and 17½ styles—all fitting better than custom-made shoes, and the Semi-Ready Tailor long ago divided into physical types, and again into sizes. Kelly & Moore will show the real Semi-Ready tail to any one. It is on the inside pocket of coat, trousers and overcoat.

ROUGH SKIN AND CHAPPED HANDS ZAM-BUK IS THE KING!

The first few months of the Canadian fall season find many ladies with rough, red skin on either hands or face, or both. Delicate skins are roughened by the cold, and hands chapped, smart and bleed. That is where Zam-Buk comes in so effectively. Zam-Buk is a skin food. It heals chaps, it smooths rough skin, but it does more. It cures the most stubborn skin diseases of all kinds—eczema, ulcers, abscesses, itch, barber's rash, eruptions, scalp sores, ringworm, bad leg, stiffness, rheumatism, etc. Also good for cuts, burns, bruises and everyday injuries. All druggists sell it at 50c box, or post free from the Zam-Buk Co., Toronto, upon receipt of price (6 boxes for \$2.50). Send one cent stamp for dainty sample box.

LOCAL

—Sewer mains are being laid along Namayo avenue and east along Isa-bella street.

—Allan Bell of Horse Hills shot and killed a large lynx on Saturday 13th. This is the second capture Allan has made this season.

—The Boys' Brigade were entertained after their return from the military manoeuvres by the Epworth League of Grace church.

—The trencher owned by the Taylor Construction company made a foot per minute on Fifth street yesterday.

—Mr. F. Bennett, manager of Ramsay's greenhouses left this morning for Vegreville, where he will give expert advice on laying out a twenty-acre park in that growing town.

—J. C. Calhoun, Chas. H. Richardson and William Harrison, all of Vancouver, who have been prospecting in the Yellow Head pass for six months, returned from the mountains today. They have no discoveries to report and do not take very seriously the story of mica and gold finds in Tete Juan Cache.

—A concert will be given by the teachers of the city on Wednesday, October 24th in the Thialis rink. Mr. Harold Jarvis, the popular tenor, and Mr. Wallace Graham, pianist, have been obtained for the occasion. The concert is in aid of the school piano fund and merits the hearty support of the citizens. Seats may be reserved at Archibald's drug store.

—Calgary Albertan.—Another session by the arbitration board at present working on the settlement of the labor difficulty was held yesterday. The three men who are presenting the case on each side have already been heard, but it has been deemed necessary to recall several of them for further hearing. Another session will be held at two o'clock and there is a probability that all matters pertaining to the late difficulty will be settled then.

—Mr. Walter Ramsay's greenhouses were thrown open for the inspection of the public yesterday and hundreds of people availed themselves of the opportunity to visit the place and get some idea of the extent of the industry Mr. Ramsay has established. Irving's orchestra furnished the music and from two o'clock until six crowds continued to throng the place. The greenhouses which are the largest in the province are 187 feet by 129 feet, heated with a 550 h. p. steam boiler with over 11-4 miles of steam piping, and contains 20,000 square feet of glass.

CITY HALL NOTES.

W. Taunton, agent for the Heenan and Froude incinerator, arrived in the city last night to be present at the city council meeting this evening, when it is expected that the final selection of a garbage destructor will be made. The DeCary company will also be represented.

Today is the day for the hearing of the city-G. T. P. agreement before the railway commission at Ottawa. The case will probably come on this afternoon.

BUILDING PERMITS.

John MacKenzie took out a permit in the building inspector's office this morning for a residence to be built on Sixth street, close to Jasper avenue, costing \$2,000, and W. A. Fife is to build a residence on Twelfth st., costing \$2,700.

The total building for the month to date is \$171,265, and for the year to date, \$1,619,106.

AMONG THE ESKIMOS.

An interesting and instructive talk was given last night in the school room of All Saints' church by Mr. E. Sprake Jones, on his experiences and adventures in the far north among the Indians and Eskimos. Rev. H. A. Gray occupied the chair.

Previous to the meeting Mr. Jones showed several curios which elicited warm interest and numerous inquiries from those present.

Rev. H. A. Gray spoke of the success of mission work among the Blackfoot and Pigeon Indians. One example was given to him by the Bishop of Calgary, of a Blackfoot Indian and his wife presenting an organ to the church on the reserve of the Pigeons. Also a woman's auxiliary consisting entirely of Indian women is doing excellent work among their own people and others.

Mr. Jones described Herschel Island at the mouth of the Mackenzie river, the life of the natives, the flora, vegetation and animal life, and stated it was one of the best places to live north of Edmonton, for supplies are easily obtained from San Francisco. He praised the splendid work of Mr. J. R. Lucas at Fort Simpson and Rev. T. J. Marsh at Hay River, and said the bales sent by the various auxiliaries were highly appreciated by both missionaries and Indians. At the conclusion of the talk a vote of thanks was heartily tendered Mr. Jones.

COLLEGE WON.

The football match between Alberta College and the city team resulted in a victory for the College yesterday morning on the Second street grounds. The score was: College 2 goals, City 1 goal. The line-up was as follows:—

College—Goal, Race; backs, Dixon, Lawrence; half-backs, Law, Bradley, Smith; forwards, Dixon, Grady, Haddon, Oakley, McDonald, (capt.).

City—Goal, Orr; backs, Allen, Short (capt.); half-backs, Deaton, Cuthie, McDiarmid; forwards, Smythe, Orr, Orr, Taylor, Clemens.
